**WHY**

**In Australia, Domestic and Family Violence is disturbingly common.**

It is one of the drivers of homelessness among women, children, and men. Domestic and Family Violence crosses all boundaries, race, age, financial status, education, gender, and the suburb you may live in.

1 in 6 women and 1 in 16 men have experienced physical or sexual violence by a current or former partner. Alarmingly, on average 1 woman a week and 1 man a month is killed by a current or former partner (AIHW, Family Domestic and Sexual Violence Australia 2018).

**Many victims of Domestic and Family Violence will never report their experience. With many incidents unreported, Domestic and Family Violence may be much worse than we think. FIND OUT MORE [rotarydistrict9675.org](http://rotarydistrict9675.org)**
